The Kennel Club's direct debit system

The Kennel Club has been making some upgrades to its internal IT systems and website to improve its direct debit process, ensuring that it can better serve customers who choose to use this method of payment for Kennel Club services and publications.

This improved process will ensure that customers will be better able to manage their own subscriptions within their Kennel Club online account - this includes adding, editing and removing a direct debit.

Some direct debit customers will be sent correspondence regarding a new customer reference number, however, they do not need to take any action, there will be no change to direct debits and all data remains safe. This correspondence is a compliance that The Kennel Club needs to undertake due to the upgrade.

In the event of any questions or concerns, please contact direct.debits@thekennelclub.org.uk

Excitement builds for The Kennel Club Junior Warrant Semi-Finals and National Junior Handler of the Year Final

The Junior Warrant semi-finals and the National Junior Handler of the Year finals will be taking place on Saturday 5 October 2024 at The Kennel Club Building, Stoneleigh, Warwickshire.

The Kennel Club Junior Warrant Winner of the Year competition is for dogs between the ages of 6-18 months and has been running since 1998. Dogs have been able to qualify at a series of heats at open shows held by general canine societies around the country during June, July and August. Five dogs and one reserve have been selected from the heats and invited to the semi-finals later this month, with the final being held on Thursday 6 March at Crufts in 2025.

The National Junior Handler of the Year final, organised by the Junior Handling Association, has been running since the 1970s and is one of the most hotly contested junior handling finals in the country with the semi-final heats been taking place since December 2023 at group championship shows. The 14 finalists will take part in the National final on 5 October with the winner going on to represent the UK at the Joe Cartledge Memorial International Junior Handling competition final on Friday 7 March at Crufts in 2025.

Good luck to all the National Junior Handler of the Year finalists:

The Kennel Club announces changes to Judges' Education Programme

In response to feedback received from Breed Education Coordinators, breed clubs, judges and societies, The Kennel Club has implemented several changes to the Judges' Education Programme (Breed Shows). These adjustments aim to resolve some of the concerns and improve the overall experience.

The organisation is in the process of updating the Codes of Best Practice and the new versions will be available on its website as soon as possible. These changes are effective immediately and are as follows:

MENTORING

Mentors: To help increase the pool of mentors, which is a problem for some breeds and to provide more opportunities for mentoring, Group judges who have awarded Challenge Certificates (CCs) to the relevant breed at least twice are able to be mentors for the breed should they wish to, without breed club approval.

Mentoring: Concerns have been raised that some judges are trying to rush through the Judges' Education Programme (JEP) Levels in the minimum timeframe without having gained sufficient knowledge of the breed and therefore will progress through Level 3 to the Breed Competency Assessment before they are really ready, and it can then be disheartening to judges who then do not pass the assessment when this could have been identified earlier in their education of the breed. Therefore, an amendment to mentoring has been agreed. Mentors will have to agree that a judge is ready to progress or requires further mentoring in that breed. Two out of the three mentoring sessions will need to indicate that a judge has sufficient knowledge to progress before an observation can take place. The requirement for 12 months between the first and third mentoring sessions is still required.

It is important to remember that three mentoring sessions is the minimum number of sessions required and

judges should take opportunities to be mentored either formally or informally throughout their judging education to help them develop in depth knowledge of a breed.

Code of Best Practice for breed mentoring – guidance on one-to-one mentoring: A change to the wording in the code of best practice to '*Mentors should provide an impartial view of the dogs exhibited and not favour or be highly critical of a certain kennel or breeder, no dogs owned or bred by them should be discussed, save in special circumstances.*' (deletion struck through).

This change will be particularly beneficial to numerically small breeds where mentoring was problematic as the most experienced and knowledgeable people could not mentor due to having dogs entered.

OBSERVATIONS

Observers: To help increase the pool of observers for some breeds and to provide more opportunities for observations, Group judges who have awarded Challenge Certificates (CCs) to the relevant breed at least three times are able to be observers for the breed should they wish to, without breed club approval.

Observation criteria for JEP: Some Breed Education Coordinators (BECs) have faced challenges to find adequate opportunities to organise observations for judges. To address this, an additional opportunity for observation has been agreed. Observations can now also take place at Group and General Open shows, as well as Breed Club shows (including Special Awards Classes), Breed supported entry classes and

Championship shows without CCs for the breed.

There has been concern from BECs and judges regarding observations where the required number of dogs were entered but did not turn up on the day, resulting in the observation not being able to take place. The decision has been made that should the correct number of dogs be entered and not arrive, the observation should still proceed. The observer should note in the comments section of the form whether they believe the judge was of sufficient capability to continue. Additionally, observers should have a conversation with the judge following the appointment to further assess the judge's level of understanding of the breed. The forms will be updated to reflect this change.

In exceptional circumstances – which must be approved prior to the observation taking place – mock classes would be allowed on a trial basis, these would be approved on a case-by-case basis by Judges Committee. BECs should ask the office for approval for a mock class observation to take place explaining the exceptional circumstances.

LEVEL 5 AND 6 CRITERIA - GROUP AND BEST IN SHOW JUDGES

Judges applying to be approved for Groups and Best in Show route must have successfully passed the Eye for a Dog Assessment.

The **MINIMUM** criteria for eligibility to be considered for approval to judge a group are that nominees must have

awarded Challenge Certificates to a minimum of 20% of the breeds currently allocated Challenge Certificates in the group including at least one of the six breeds with the currently recorded highest breed entries in the group at General Championship Shows. The requirements for each group appear at the end of this release.

The minimum eligibility criteria for approval to judge Best in Show are to have previously judged at least one group and to have awarded Challenge Certificates to at least one breed from two other groups. Judges will also be expected to have adequate experience in judging across all groups.

Policy Judges: The criteria for policy judges has been amended to state that they must have awarded CCs in at least 75% of eligible breeds within the group, have judged the group and have passed the Eye for a Dog assessment.

Grandfathering: The cut-off date for grandfathering applications for breeds will be as previously announced – 31 December 2025 – no grandfathering applications will be accepted after this date.

Judges should also note that with immediate effect they are required to be on at least 50% of breed club A3 lists for the breed, and not just one A3 list. It is appreciated that in some breeds multiple breed clubs have different A3 list criteria; The Kennel Club has recently written to clubs encouraging them to bring their criteria in line with The Kennel Club criteria and run more hands-on assessments to give judges more opportunities to meet criteria.

Grandfathering applications for Group and Best in Shows judges will cease as the JEP system for these levels is now in place, so judges have the option of submitting a traditional questionnaire for an appointment or following JEP.

End of transition to JEP – Submission of traditional/A2 nominations:

The Kennel Club judges department will continue to accept nominations via the traditional route (questionnaires and A2 questionnaires) until 31 December 2025 for shows up to 31 December 2027. It was confirmed that any nominations from 1 January 2028 onwards must be for preapproved judges (either previously approved through the traditional route or approved Level 4 judges through JEP).

Breed Education Coordinators:

Following an initial proposal from the Breeds Liaison Council, a three-year term of office for Breed Education Coordinators (BECs) will start on 1 January 2025 for all breeds. This will bring the role in line with other Kennel Club volunteer roles. If a BEC resigned mid-term, a replacement BEC will be appointed for the remainder of the term of office. BECs currently in office who have the support of breed clubs and wish to continue in the role will begin their 3-year term of office on 1 January 2025. The Kennel Club will assume the current BECs will remain in place unless notified otherwise.

The process for nomination will be advised to breed clubs in due course.

Commitment to improve heart health

The Kennel Club and Veterinary Cardiovascular Society commit to five-year cardiology programme to improve heart health.

Following more than five years of collaboration between the Veterinary Cardiovascular Society (VCS) and The Kennel Club to improve canine heart health, the two organisations have committed to a five-year programme for six pedigree dog breeds at risk of heart disease problems.

The Kennel Club and VCS have made significant progress in improving canine heart health, including launching The Kennel Club Heart Scheme in 2019 for the Cavalier King Charles Spaniel. This official screening scheme aims to detect heart disease in Cavalier King Charles Spaniels and provide guidance to breeders on how to lower the risk of producing puppies affected by mitral valve disease (MVD). In 2023, 41.5% of Cavalier King Charles Spaniel litters had at least one parent heart screened.

Last year, The Kennel Club and VCS also conducted exploratory heart testing sessions for Whippets (with 53 dogs auscultated and doppler screened*), and earlier this year, for Chihuahuas (with 49 dogs auscultated and doppler screened). These sessions aimed to provide a 'snapshot' of cardiac health in these breeds and offer support on potential next steps for the breed via the Breed Health and Conservation Plans.

The Kennel Club remains committed to collaborating with the VCS for the next five years, and together the organisations have identified the need for further research into the following breeds** to better understand their heart health:

- Boxer
- Dobermann
- Irish Wolfhound
- Great Dane
- Newfoundland
- Bull Terrier

The organisations will be offering discounted heart testing opportunities for these breeds over the next five years, as well as surveying owners, aiming to gain further insights into their overall heart health.

Whilst this will not necessarily lead to the immediate development of a formal screening scheme, The Kennel Club takes insights from research which feeds into its Breed Health and Conservation Plans, so that it can work with breed communities to give information and guidance about how to improve dog health and address breed-associated health issues in pedigree dogs. These plans, which enable The Kennel Club to track progress and make meaningful changes to breed health, have been developed as a result of reviewing more than 4,000 health research papers, making these plans the most comprehensive review of pedigree health data anywhere in the world.

The Kennel Club encourages participation in the upcoming exploratory sessions, which will focus on the above six breeds. These sessions are scheduled for Tuesday 1 and Wednesday 2 October 2024 at The Kennel Club building in Stoneleigh, Coventry. For more information or to register interest, please contact health@thekennelclub.org.uk.

It is also the last chance to participate in The Kennel Club's online survey which aims to improve understanding of the prevalence and types of heart disease affecting different pedigree dog breeds. The results will be used to direct new research to areas requiring further attention. To date almost 6,000 people have participated, and The Kennel Club hopes to reach 10,000. The survey, open to any owner of any breed, can be completed here.

Additionally, The Kennel Club will be holding a freely accessible and educational

heart webinar in February 2025, which will explore a range of heart problems found in dogs, open to owners and breeders of all levels of experience. More information about this will be available on The Kennel Club website in due course.

Charlotte McNamara, Head of Health at The Kennel Club, said: "The Kennel Club is committed to improving heart health and identifying and addressing breed-associated issues for these wonderful breeds and hopefully others in future. We are extremely pleased to be able to offer this opportunity for discounted testing as we know cardiology appointments for owners can be at great cost. We look forward to working alongside the cardiologists, owners and breeders to help collect data and improve heart health."

Hannah Stephenson, cardiologist at the VCS, said: "The VCS are delighted that further progress is being made to identify heart disease in different pedigree dog breeds. As a society, we are keen to reduce the incidence of canine heart disease and look forward to our continued collaboration with The Kennel Club."

The Kennel Club updates Breed Watch for 2025

The Kennel Club is enhancing its Breed Watch system from January 2025, including changes to how it monitors health at dog shows, strengthened guidance for vet health checks, and reclassification of three breeds. This comes following a review of the system since its inception in 2013 by the organisation's Breed Standards and Conformation Group, made up of experienced veterinary professionals, breeders, exhibitors and judges.

Breed Watch – which forms part of every breed standard – serves as an 'early warning system' and enables anyone involved in the world of dog showing to develop their knowledge and identify, monitor and report any visible breed-specific conformational issues which may impact on health and welfare. Each breed is monitored via mandatory health monitoring forms completed by judges.

The Kennel Club has updated the judges' health monitoring form, making it applicable to all breeds and improving the format, accessibility, and communications to better support judges in monitoring and reporting concerns, while helping them understand the value and importance of this process. From October 2024, this updated form will be mandatory for judges of all breeds at championship shows, regardless of their category. This change strengthens the form as an early warning system, ensuring consistency in monitoring and helping The Kennel Club better track and safeguard the health and welfare of all dogs at shows.

The veterinary health check guidelines have also been strengthened and updated to be non-breed specific, and The Kennel Club is establishing a communication channel with all show vets to improve accessibility, ongoing training, and support.

As a system which continuously monitors health and welfare at dog shows, Breed Watch is a fluid system, with breeds moving between categories depending on the published criteria. Factors considered include conformation features related to health and welfare issues, health screening uptake, and concerns noted in judges'

health monitoring forms, among others. As part of this review, from 1 January 2025, the French Bulldog and Basset Hound will be reclassified to category 3, while the Bloodhound will be moved to category 2 on the Breed Watch system.

The three classifications in the Breed Watch system are:

- **Category 1:** breeds with no current Breed Watch points of concern;
- **Category 2:** breeds with Breed Watch points of concern, by reason of visible condition(s) which may have potential to cause health or welfare concern;
- **Category 3:** breeds with Breed Watch points of concern, by reason of visible condition(s) which may have potential to cause health or welfare concern, requiring increased support and proactive measures. Best of breed veterinary health checks are required at general and group championship shows and to confirm champion title.

The reclassifications of the three breeds mean that French Bulldog and Basset Hound best of breeds at general and group championship shows, including Crufts, and potential champions of these breeds, will be required to undergo veterinary health checks before awards are confirmed. Bloodhounds as a category 2 breed will no longer be required to undergo veterinary health checks from 1 January 2025.

The Kennel Club will continue to work closely with all three breeds to offer support and advice with health and welfare initiatives. Although the Bloodhound will be reclassified to

category 2, the Bloodhound Breed Health Co-ordinator will continue to work in collaboration with The Kennel Club on the Breed's Health and Conservation Plan, which includes monitoring health conditions that cannot be visibly seen in the showing. Further, The Kennel Club Breed Standards and Conformation Group will continue to monitor mandatory judges' health reports for Bloodhounds to ensure that progress is upheld in regard to visible conformational concerns and/or exaggeration.

Ian Seath, Chairman of The Kennel's Club's Breed Standards and Conformation Health Group, commented: "Breed Watch enables us to work with our communities to safeguard the health and welfare of dogs at dog shows and supports this aim through health monitoring, reporting and educational materials.

"Breed Watch is also a fluid system and there are different reasons

why breeds may be reclassified, for instance a dramatic growth in popularity and rise in the number of people breeding and potentially showing their dogs, and the presence of conformational concerns within a breed. We urge

those involved with any breed to follow guidance on recommended health tests – which is easily accessible on The Kennel Club's online 'Breed A-Z' – and a more detailed overview of the health of each breed, available via its Health and Conservation Plan, should also be considered.

This is part of The Kennel Club’s continued commitment to championing the wellbeing of dogs, and we would like to extend our immense gratitude to our Breed Health Co-ordinators and wider breed communities, who continue to work with us to protect and improve the health of the breeds they love.”

The reclassifications follow the announcement made in March by the organisation that it was expanding Breed

Watch and introducing a new digital judges’ health monitoring form, updated guidance for veterinary health checks at dog shows and updated points of concern wording for all breeds to ensure consistency and clarity, as well as the requirement for all eligible Bulldogs, French Bulldogs and Pugs to have a Respiratory Function Grading scheme assessment result to enter Crufts from 2025.

THE KENNEL CLUB

The Emblehope & Burngrange Estate Northumberland

A Centre of Excellence for Working Dogs

This beautiful moorland estate stretches to some 7,550 acres and is absolutely ideal for walked up trialling and training for Retrievers, Spaniels and HPRs. The estate offers both Pheasant and Partridge shooting and the varied terrain offers opportunities for all breeds of Gundog to demonstrate their natural working abilities. Woodland cover provides excellent hunting for Spaniels whilst the stretching moorland is ideal for challenging retrieves and for the pointing breeds to show off their hunting abilities to the full.

As a Centre of Excellence for Working Dogs, the Estate also welcomes the full range of working dog activities including:

- Field Trials including Pointer and Setter Spring Stakes
- Gundog Working Tests
- Gundog Training Days
- Live Game Training Days
- Pointing Tests
- Working Trials
- Bloodhound Trials
- Activity Training Days
- Shooting and Gundog Activities

The Kennel Club Accredited Instructors Scheme

The Kennel Club Accredited Instructors scheme offers its members the opportunity to gain a nationally-recognised vocational accreditation based on a robust standard set by The Kennel Club. It is the first and only scheme for dog training instructors and behaviourists that has achieved programme accreditation from City & Guilds, a globally-recognised benchmark of quality.

This section of The Kennel Club Journal is dedicated to Kennel Club Accredited Instructor members. It provides information on the resources available to members, announcements on newly awarded Kennel Club Accredited Instructors, and KCAI Scheme news and updates.

For more information on the KCAI Scheme, please visit: www.kcai.org.uk

THE KENNEL CLUB
ASSURED BREEDERS

Find a puppy with the Assured Breeders scheme

Owners who buy from a Kennel Club assured breeder spend nearly 20% less in vet bills* compared to those who buy a dog elsewhere.

“Our dog is the light in our lives. Would always recommend a Kennel Club assured breeder.”

“I love my dog because this little bundle of fluff is the best thing that ever happened to us.”

“I love my dog because of the way he looks at me, his playful nature and his unconditional love!”

“I love my dog because she is my devoted best friend.”

For a healthy, happy puppy always buy from a Kennel Club assured breeder and do your part to help put puppy farmers out of business.
