### April Kennel Gazette

The April issue of the Kennel Gazette features a profile on Kennel Club Board member and chief vet at Crufts, Dr Andreas Schemel, and how a schoolboy's visit to Crufts led to a lifetime in dogs. We look back at how the Old English Sheepdog became a national celebrity after winning people's hearts in the Dulux campaigns.

this ties in with our must-see Dogs in Advertising exhibition, currently open in The Kennel Club Art Gallery as it features advertisements and artefacts from the mid-19th century onwards corresponding chronologically with the growth of the dog fancy. We reveal historical canine statues from around the world including a trip to Missouri in the US and the statue of Jim the Wonder Dog, who could read Morse Code. In health matters we are delighted to welcome back guest author, Dr JA Samantha Goldberg BVSc MRCVS and Breed Health Co-ordinator for Beagles, who shares her thoughts on castration of dogs – good or bad? The latest thinking on neutering.

In news we report on the successful Valentine's lunch with Clare Balding, where Clare gave an insightful speech and read some excerpts from her recently published book, Isle of Dogs. We update readers on the 2024 series of free health webinars organised by The Kennel Club's health team, and for live updates, please join the Dog Health news from @TheKennelClubUK Facebook group. Ian Seath reviews a new book on Dachshunds and there are 11 breed celebration lunches taking place in the Club this month, including two for the Clumber Spaniel, who are both celebrating an anniversary and will tie their visit into seeing the photography capsule exhibition of the Clumber Spaniel currently open in the art gallery by Daisy May, Yorkshire-based artist, dog photographer and Clumber Spaniel owner. The exhibition is running until 24 May. Celebrate your breed by dining at The Kennel Club

We update readers on the 2024 series of free health webinars organised by The Kennel Club's health team

which includes a library talk and art gallery tour. To make a reservation, please email [breed.lunches@thekennelclub.org.uk](mailto:breed.lunches@thekennelclub.org.uk) Finally, we congratulate longest-serving Kennel Club staff member, Alan Prichard, who has retired after 44 years of service as Reprographics Administrator and was presented with Kennel Club Honorary Membership by Tony Allcock OBE, Chairman of The Kennel Club.

We are also keen to hear how breed clubs and societies collect or archive material of historical interest in an effort to further understand the value of such items. This appeal comes at a time when your Kennel Gazette is putting together an article on the difference between hoarder and collector!

Our breed of the month is the beautifully coated Shetland Sheepdog, known as the 'Sheltie'. We look back at the breed's history and influential kennels from when it was given official recognition in 1914. We see how versatile the breed is in a variety of canine activities. A successful junior handler outlines how the Sheltie can be a great handling dog and we are delighted to present five portraits donated by Sheltie enthusiast Alan Jeffries of the Jefsire affix, donated to The Kennel Club Art Gallery collection in July 2022. Alan donated ten portraits and was due to visit the gallery last year to see them in situ, but sadly passed away in June. The breed health co-ordinator reports on how thanks to prudent monitoring, the Sheltie enjoys good health. We highlight the success the breed has had at Crufts since 1967. Two Sheltie owners share how they learnt the art of spinning dog hair, plus

nine judges choose their three favourite Shelties that they have judged in the show ring in the Judges' Choice.

Next month is our Crufts special! A souvenir edition of competitions, displays and personal stories highlighting our extraordinary bond with our canine companion.

# Crufts 2024

**Crufts welcomed just under 160,000 visitors to the NEC Birmingham from 7-10 March to watch 24,000 dogs take part in a wide variety of competitions and displays.**

The entry was slightly up on last year, with 19,252 dogs entered into the breed, agility and obedience championship competitions, and included more overseas dogs entered than ever before. There were 3,776 overseas dogs entered from 49 different countries. This year, there were 159,456 visitors through the gates which is 4,200 more than last year. The weather was kind, with the first three days being dry and cool, before rain arriving on Sunday morning however it didn't dampen the spirits of the thousands of dog lovers!

Ann Ingram, who is originally from Northern Ireland, became the first Irish judge to choose the Best In Show winner at the world's greatest dog show and the top spot was awarded to Melanie Raymond, John Shaw and Kerry Kirtley's three-year-old Australian Shepherd Dog Ch Brighttouch Drift The Line Through Dialynne, who lives just three miles away from the NEC in Solihull, Birmingham. Viking was last year's overall Top Dog and winner of the Eukanuba UK Champion stakes final held in February. Reserve Best In Show went to a overseas choice, to Hiroshi Tsuyuki and Kao Miichi's nine-year-old Jack Russell Terrier, Multi Ch Original Master's Voice Lovesong Monamour, from Japan. Terrier specialist Martin Phillips had earlier judged the breed and awarded the first ever Challenge Certificates.

**TV/press coverage and social media** Channel 4 and More 4 broadcast live from Crufts once again and there was 15.5 hours of coverage with dog lover Clare Balding presenting from the studio near the main arena and around the show. Provisional figures show that 1.3 million watched the programme on Thursday alone which was the most watched programme on the channel that day. In total over the four days over 8.7 million watched the show on Channel 4 and More 4.

Since the Birmingham press launch of Crufts, major news outlets have highlighted the four action packed days of Crufts. In the week of Crufts alone there were over 5,000 pieces of media coverage on Crufts which is

1,000 pieces of coverage up on 2023; across online (over 3,000); broadcast (over 1,500); newspapers (over 400) and magazines (over 30).

Dog lovers continued to watch the live stream coverage of the main arena from home via You Tube and saw just under 3 million views, 5.5 million hours of watching time and 8,000 new subscribers. Outside of our livestream our best performing videos was

- The incredible Afghan Hound competing in Heelwork to Music,
- Eight-year-old Joseph and Willow the Spaniel as well as
- Best in Show
- Lion King of Crufts.

On Tuesday 5 March, some social media platforms experienced issues and hundreds of thousands of users had problems logging in. Some of us wondered how we would all get through Crufts without Facebook! Fortunately the problems lasted just a few hours.

## Brachycephalic health entry requirements for Crufts 2025

To continue to ensure that dog shows remain an effective platform to monitor and improve dog health, The Kennel Club has announced it is introducing health-related entry requirements for some brachycephalic breeds for Crufts 2025.

**All eligible Pugs, Bulldogs and French Bulldogs will need to have a valid Respiratory Function Grading scheme assessment result to compete at Crufts 2025. Assessments must be undertaken every two years and those assessed as 'grade 3' will not be able enter the competition.**

The Respiratory Function Grading Scheme, developed by the University of Cambridge and The Kennel Club, assesses Bulldogs, French Bulldogs and Pugs for a breathing disorder called brachycephalic obstructive airway syndrome (BOAS). The assessment, which can be carried out by specially-trained assessors located across the UK, involves listening to the dog's airway both before and after an exercise tolerance test. Assessors then use a pre-defined protocol to grade the dog from zero to three. Dogs graded as zero will be free of respiratory signs of BOAS, while dogs graded as three will show severe respiratory signs of BOAS, indicating that further veterinary examination is advised.

**"Protecting and improving the health of brachycephalic breeds remains one of our top priorities"**

Following an increase in the popularity of some brachycephalic dogs and the launch of The Kennel Club's report: 'Play Your Part: Breeding, Buying and Bringing up Brachycephalic

Dogs Better', which urges collaboration to address health issues, this new requirement for Crufts 2025 is part of The Kennel Club's commitment to improving brachycephalic dog health.

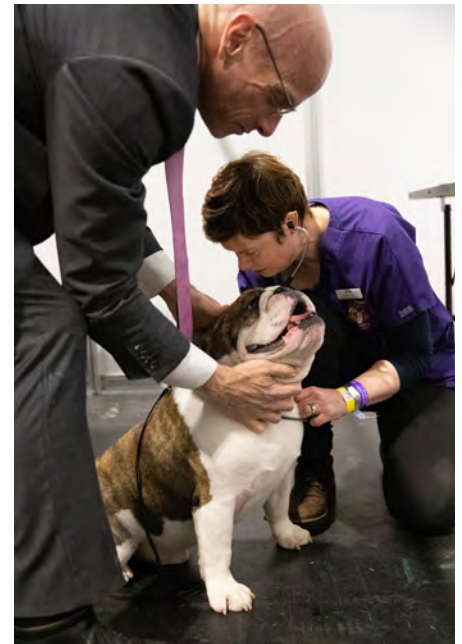

Charlotte McNamara, Head of Health at The Kennel Club, commented: "Protecting and improving the health of brachycephalic breeds remains one of our top priorities

and while the role of dog shows in shaping the purchasing trends of the wider general public is minimal, they do provide a platform to educate breeders and the wider dog owning public.

"We hope that introducing a health-related entry requirement for Pugs, Bulldogs and French for Crufts 2025 will influence a wider positive impact on dog health.

Crufts is a great opportunity to showcase good examples of each recognised breed, and celebrate the work being carried out by responsible breeders and breed clubs to protect and improve health. The Respiratory Function Grading Scheme is the strongest mechanism currently available to improve and protect the breathing of these breeds, collect data on Brachycephalic Obstructive Airway Syndrome (BOAS), and demonstrate the commitment of the show community to tackling BOAS within these breeds."

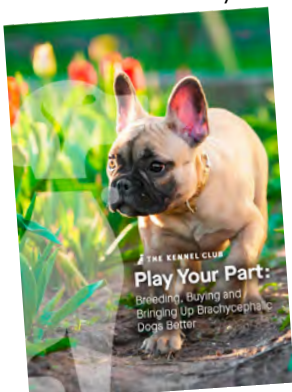

Dr Laura Hamilton, veterinary surgeon and French Bulldog Breed Health Coordinator added: "Some brachycephalic breeds, including French Bulldogs, are hugely popular, with little to no awareness amongst puppy buyers of any health concerns, and many rogue breeders producing puppies simply for profit.

And whilst Crufts can and does educate people about important issues around dog ownership and health, and this new entry requirement for the 2025 event is welcome and we hope will have a positive wider impact, realistically social media and celebrity culture tends to have a bigger influence. It's absolutely crucial that any would-be owner fully researches the breed before making any decisions, speaks to experts, and finds a responsible breeder who health screens their dogs using the RFG scheme."

More about The Kennel Club/University of Cambridge Respiratory Function Grading scheme for Bulldogs, French Bulldogs and Pugs is available here and more information about what The Kennel Club is doing to protect and improve brachycephalic dog health can be found at The Kennel Club website.

The Kennel Club is also expanding its Breed Watch system, which enables anyone involved in the world of dogs to develop their knowledge and identify, monitor and report any breed-specific conformational issues which may impact on health. The changes, outlined below, will ensure more extensive monitoring of health and welfare concerns that are detrimental to a dog's wellbeing.

**From September 2024, Breed Watch will introduce:**

- A new digital judges' health monitoring form – which will be integrated into judging contracts, judges' training and Breed Appreciation Days – and a reminder process;
- Updated guidance for veterinary health checks at dog shows;
- Updated points of concern wording for all breeds to ensure consistency and clarity, following consultation with breed clubs;

The changes should help not only judges, but also breeders, exhibitors and owners, to secure the future of healthy and happy pedigree dogs, and is part of The Kennel Club's continued commitment to education about how to protect and improve health.

Ian Seath, Chairman of The Kennel Club's Breed Standards and Conformation Health Group, commented: "The show ring can, and should, be a force for improving dog health, and all those involved – from judges and exhibitors, to vets who perform checks – have an important role to play.

"The decision to introduce these changes was made by The Kennel Club Dog Health Group, which is made up of independent vets, dog experts, canine researchers and welfare organisations, following a recommendation from the group's Breed Standards and Conformation sub-group, and approval from The Kennel Club Board."

### New DNA testing scheme for Schipperke

The Kennel Club has approved a new official DNA testing scheme for T-box (bob tail) in the Schipperke, following consultation with the breed's health co-ordinator on behalf of the breed.

**T**-box causes dogs to be born with shorter tails (or bob tails) compared to dogs that carry no copies of the gene, and causes neonatal death in dogs carrying two copies.

The abnormal copy of the gene behaves as autosomal dominant in respect to bobtail, and as autosomal recessive in respect to neonatal death. This means that a dog must inherit two copies of an abnormal gene (one from its mother and one from its father) before its health is affected, but only one copy is required to shorten the tail.

**Tested dogs will be recorded on The Kennel Club systems as either:**

#### **CLEAR**

The dog does not have any copies of the abnormal gene associated with the condition. The dog is highly unlikely to be clinically affected and will only pass on a normal copy of the gene to a puppy.

#### **HETEROZYGOUS (CARRIES ONE ABNORMAL COPY OF THE GENE) AFFECTED**

The dog has one copy of the normal gene and one copy of the abnormal gene associated with the condition. The dog is likely to have a shorter tail but is not at risk of neonatal death. The dog may pass one copy of the normal gene, or one copy of the abnormal gene on to a puppy.

#### **HOMOZYGOUS (CARRIES TWO ABNORMAL COPIES OF THE GENE) AFFECTED**

The dog has two copies of the abnormal gene associated with the condition. The dog will likely suffer from neonatal death. If such dog survived to adulthood and was bred from, it would pass abnormal copy of the gene to all of its puppies.

Test results will be added to the dog's registration details which will trigger the publication of the result in the next available Breed Records Supplement and also on the Health Test Results Finder on The Kennel Club website.

Results for dogs already tested can also be recorded, but owners will need to submit copies of the DNA certificates themselves. DNA test certificates should be scanned and emailed to **Health results (The Kennel Club)**

To find out more about DNA testing please visit our YouTube channel and watch our webinar "**The Science of DNA Testing**".

**Owners are reminded that:**

- From August 2018, it is mandatory that the dog's microchip (or tattoo) is recorded along with either the dog's registered name or registered number on any DNA certificates. Any test results issued after that date that do not carry these identifying features will not be accepted.

- The Kennel Club has a set of criteria that we request DNA testing laboratories to meet to enable us to record their results, helping to maintain and protect the integrity of results that appear on a dog's records. We have updated the list of laboratories that we accept results from and strongly advise that customers ensure their chosen laboratory is included on our **revised list** if they wish The Kennel Club to record and publish the results. Results from laboratories not included on this list will not be recorded.

To find out which laboratories The Kennel Club is able to record results from, and which laboratories will send results directly to The Kennel Club, please refer to our **website**. To find out which DNA tests are relevant to your breed, visit our **website**.

The Kennel Club constantly reviews DNA testing schemes in conjunction with breed clubs to ensure that breeders are supported with resources which help them to make responsible breeding decisions. The Kennel Club works alongside breed clubs and breed health coordinators in a collaborative effort to improve the health of pedigree dogs and is happy to consider a club's request to add a new DNA test to its lists. A formal request from the breed's health coordinator or a majority request from the breed clubs is normally required to do this.

# Is it game over for beloved British breed?

The 'Monopoly token' Scottish Terrier records lowest ever numbers, as more native breeds than ever enter 'At Watch' list.

The iconic Scottish Terrier, a beloved British breed and recognisable mascot for a wealth of well-known brands, is facing a worrying future after recording their lowest numbers since records began, placing them on The Kennel Club's 'At Watch' list.

The small and distinctive dog recorded just 406 puppy births in 2023, a staggering drop since its heyday in the mid-1930s through to the early 1940s where the breed was the third most popular breed in the country, and later peaking in 1947 where there were over 5,800 puppies registered – more than 10 times that of modern times.

The breed has a long history of being associated with both British and international brands, including Radley London, Walkers shortbread, Monopoly, as well as the character Jock, from the Disney animated feature film, Lady and the Tramp. They even have links to royalty, having been reported to be Queen Victoria's preferred breed.

These low numbers mean that, for the second time in their history, the Terrier breed has been added to The Kennel Club's 'At Watch' list, which monitors breeds with between 300-450 puppy registrations a year. Those with less than 300 puppy births annually are recorded on the organisation's Vulnerable Native breed list – devised to highlight those British and Irish native breeds which could be at risk of disappearing from our streets and parks.

Three other British breeds have entered the 'At Watch' list for the first time – the Pointer, Rough Collie and Wire

The Scottish Terrier

© Joy Gonszar / The Kennel Club

Fox Terrier, while the Cairn Terrier has also rejoined the list, meaning there are now more breeds classed as 'At Watch' and 'Vulnerable' than ever before.

There was good news however for other British breeds who saw a surge in popularity last year, including the English Setter, which saw an increase of 18%, the Yorkshire Terrier (14%) and the Jack Russell Terrier (14%), which

is the favoured breed of King Charles and Queen Camilla.

Yet, the breed that saw the most significant increase originates from the continent, the Bernese Mountain Dog, which saw its numbers rise by nearly a quarter in 2023.

Bill Lambert, spokesperson for The Kennel Club, said: "The

Scottish Terrier has been such an iconic and recognisable breed in the UK for decades, and means so much to so many different people, so these latest figures are really worrying.

"We are lucky to have an amazing 222 breeds of dog in this country, each with unique personalities and characteristics,

but the vast majority of dogs that you will meet come from within the top ten breeds alone. People often opt for the well-known choices and simply forget to dig a little deeper, with the worrying knock-on effect that not only are some of our most iconic breeds in decline but also that people might not be getting the perfect match for them.

"The difficulty is, of course, that opportunities to meet less popular breeds of dogs are limited, which is why we had a unique Discover Dogs zone at Crufts – where visitors could talk to experts and meet any of the 222 breeds, from the most popular to vulnerable breeds, and a huge variety in between, including breeds that are new to the UK's shores and those that yodel instead of bark.

"We want people to enjoy lifelong relationships with their four-legged friends and urge potential dog owners to do their research, to meet the huge variety of breeds, and to use the information and resources we provide, to really understand which breed and which breeder is right for them."

More information about vulnerable breeds and The Kennel Club's campaign to save them can be found at [here](#).

## REGULATION H2

### Disciplinary Committee

27 February 2024

**Kennel Club Agility Stakes Final – London International Horse Show**

16 December 2023

**Mrs Marita Ogilvie Regulation H2**

The Disciplinary Committee considered an incident involving Mrs Marita Ogilvie regarding issues caused by Mrs Ogilvie challenging and remonstrating with the appointed Vet on duty at The Kennel Club Agility Stakes Final when Mrs Ogilvie's dog, Ag Ch Dareleyfalls Cryptic Enigma (Ciccada), was subject to a veterinary check.

After consideration of the evidence, the Committee upheld a breach of Kennel Club Regulation H2.

The Committee directed that

1. Mrs Ogilvie should be warned and censured about her future conduct
2. A fine of £300 should be imposed.

Veterinary checks are required at agility prestige events to ensure the welfare and safety of the competing dogs. The veterinary check was recommended by the show manager and the Committee considered that the steps taken by the Vet in checking the dog were reasonable and expected.

This was entirely inappropriate and challenging behaviour towards the appointed Vet who was acting on behalf of The Kennel Club – and was unacceptable in all contexts. It should never be open for anyone, whatever their capacity or role to question, analyse and decide whether to comply with directions being issued by organisers/officials at Kennel Club events. Any un-responsiveness to requests being made by the event officials will always be met with concern.

To remonstrate particularly in a disrespectful or abrasive manner will always be a matter of concern. There is an absolute expectation that there should be courtesy and respect generally towards officials in any capacity.

# The Kennel Club Accredited Instructors Scheme

The Kennel Club Accredited Instructors scheme offers its members the opportunity to gain a nationally-recognised vocational accreditation based on a robust standard set by The Kennel Club. It is the first and only scheme for dog training instructors and behaviourists that has achieved programme accreditation from City & Guilds, a globally-recognised benchmark of quality.

This section of The Kennel Club Journal is dedicated to Kennel Club Accredited Instructor members. It provides information on the resources available to members, announcements on newly awarded Kennel Club Accredited Instructors, and KCAI Scheme news and updates.

For more information on the KCAI Scheme, please visit: [www.kcai.org.uk](http://www.kcai.org.uk)

## KENNEL CLUB DOG TRAINING UPDATE

The Kennel Club has announced that it is reviewing its dog training model, looking specifically at dog training clubs and dog training instructors and looking carefully at research and insights about what dog owners want and need. The review aims to ensure that the organisation provides a strong offering for dog owners requiring training and behavioral advice, as well as that those behaviourists and clubs registered maintain high standards of quality.

The dog training and behaviour industry is currently a self-regulating profession, however The Kennel Club has been in discussions with Defra, and other UK administrations, regarding the need to regulate dog training to help ensure and maintain a high standard to meet the needs of those that need the provision.

As part of this review, as of 25 March, there will be a freeze of new applications to become a member of The Kennel Club Accredited Instructors scheme.

It is critical that The Kennel Club ensures that it future-proofs its local dog training network and develops a clear scheme for both instructors and dog owners alike.

Helen Kerfoot, Chief Operations Office (Canine Activities), said: "We have been very grateful for all the wonderful support our accredited instructor scheme has received since its inception and want to make sure that we find the best way forward for clubs and dog trainers. We will be conducting a survey to gather views from our members as with the ever changing world we live in, we want to create a unified dog training provision, with a consistent structure and format that is valued and respected, and which supports our dog training network."

"While we work out what this looks like we feel it is only fair to freeze new applications on becoming a member. This will not affect our current membership who we will continue to support and promote. We value our scheme members and want to reassure those working towards accreditation that their commitment to dog training is important to The Kennel Club."

"We will continue to update our membership with developments as soon as we have them and thank them for their continued support of the scheme."

Further information about the Kennel Club Accredited Instructors scheme can be found at [thekennelclub.org.uk/kcai](http://thekennelclub.org.uk/kcai)

## A BIG SURPRISE

Nominated by family, friends and clients, in recognition for her work with supporting owners throughout their dog training experience, Wendy Schilling KCAI (CD GCDDTs) was amazed to be presented with The Kennel Club Accredited Instructor of the Year award, as she had no idea she had been nominated!

Wendy's lifelong connection to dogs started when she was 18. She attended a two-day lecture in the development of the domestic dog from the wolf

and it kindled an intense interest in the dog and our relationship to them.

"For me, watching dogs interact with each other in their world is like watching a finely tuned orchestra. My aim is to try and encourage the dog owner to step into this canine world of body language and instinct, instead of expecting our dogs to step into our world," she explained.

Wendy has worked with a lot of partnerships and she learns something new from every dog. She is constantly striving to learn more and attends many training courses, some as far away as India! It took her nine years of study, seminars and personal development to achieve accreditation and she started her own business, Rapport Dog Training Club & Behaviour Consultation in 2011.

She is indebted to the support of her team of trainers and clients, as she was diagnosed with breast cancer in 2020 and they all kept her going throughout her two and a half years of treatment. At home she has two Miniature Long Haired Dachshunds called Audrey and Stanley.
